

STREET CHALLENGE 2008

On the 18th of October, Street Challenge 2008 was in full fledged with up to 5 games happening at the same time. These 5 games included favourite sports such as Street Soccer and Basketball, which garnered sport enthusiasts to the courts on that eventful day. The organizers of this event, NTU Sports Club 18th Management Committee had marked the perimeters of the Sports and Recreation Centre with an air of enthusiasm and active participation as passer-bys were seen craning their necks for a better view of the different ongoing sports.

Besides the main event, there were also side events held to retain the crowd. Held at the field, the side event consisted of a variety of games, such as the all-time favourite, Ultimate Frisbee. In addition, stalls were also set up to cater to the participants' needs. The popular Frolick yoghurt ice cream was a hot seller among the youths. Bottles of chilled Coke Zero and cans of Red Bull(courtesy of the Wings Club) were also given out to beat the heat. Under such a set-up, participants were seen enjoying themselves thoroughly, as they escape from the mundane routines of a university student.

At the end of the day, prizes were given out, and participants went home with a sense of accomplishment and satisfaction as they strolled away with their goodie bags. This year, we have pampered our participants with products such as Coke Zero, Allswell, Honsei, NEWater (PUB), Frolick, New Urban Male, Netball Singapore, The Floorball Specialist, Fabulous Group and Asia Pacific Breweries.

ITS A ONE WAY STREET
PLAY OR BE PLAYED.
